

A4 Page size

White Area is Finished page size
A4 - 297 x 210mm

Yellow Area = safe area
all text and graphics must be
5mm in from the finished size
to ensure they are safe when
cutting to the finished size

Red Area is for Bleed
3mm on each side of the page
so your page size will be:
216 x 303mm
items such as pictures, lines, and
background items that need to go
to the very edge of a page need to
be extended by 3mm for bleed so as
to avoid unsightly white edges to
the finished product
